Vice Mayor Devereux,

My name is Derek Etkin. My spouse and I live in North Cambridge with our two daughters who are at Peabody. One of the reasons we are committed to staying in town and raising our family here, is Cambridge's long history of standing on the side of justice.

I support Mass Against HP because I don't want our city doing business with a company that profits from (1) surveillance and discrimination of formerly-convicted people, (2) the tracking and harassment of immigrants by ICE, and (3) the ethnic tracking of Palestinians living both within formal Israeli borders and in the occupied territories.

The last point is of special importance to me because I grew up in a secular Jewish home where I was taught that the horrors of antisemitism should never be used to justify state violence and ethnic discrimination.

I was proud to vote for you in November because of your obvious commitment to community and justice. I am writing today to encourage you and your fellow city councilors to vote with your conscience next Monday.

Sincerely,
Derek Etkin
